<p>本次写作考试点评:</p> <p>本次新托福独立写作完全重复 2017 年 10 月 21 日, 总体来说写作比较容易, 想拿高分并不困难, 主要注意条理和审题。</p> <p>Politics is an indispensable part of modern life, no matter who you are or no matter where you are. So, an overwhelming majority of students take more interest in politics in schools nowadays than those in the past. I strongly believe that students at present are more interested in politics than those in the past.</p> <p>The reason for students who take more interest in politics nowadays than those in the past is that students nowadays have numerous technological devices to access the politics, including the political news and political views from different point of view because of the accelerating advance of technology. For example, students in the past had no access to the Internet or communicated with their friends by mobile phone available to them nowadays.</p> <p>Students now tend to learn more about how the government works through politics because they need to gain a deep understanding of the government's policy due to the fierce competition, thus preparing students for their future</p>	

prosperous job with ease. For example, Isbella, one of my friends, consults the political news every day. By contrast, students in the past were less concerned about the politics because of their allocated jobs after graduation.

In conclusion, my point of view is that students living in the current highly-competitive society are more eager to know the politics than those in the past because politics enables them to adapt themselves to the society with ease.
