Task 2

考试日期	2019.03.09
类别	教育类
题目	<p>As a part of education, students should spend a period of time studying and living in a different country to learn language and culture.</p> <p>To what extent do you agree or disagree?</p>

写作指导	<p>1. 注意时态，使用一般现在时，除非是过去的情况</p> <p>2. 不管立场是中立还是一边倒，一定要讨论双方观点</p> <p>推荐立场：部分同意（确实出国学习和生活能帮助学生更好的学习语言的文化，但这种情况并不适合于所有学生）</p> <p>推荐思路：四段式</p> <p>Opening: 背景介绍，表达观点（partly agree with the statement）</p> <p>Body1: 同意段 确实出国生活和学习能够让学生更容易掌握一门外语</p> <p>Body2: 反对段 但是不是所有人都适合出国留学生活</p> <p>Conclusion: 重申立场，总结观点，做适当的论点概括</p>
写作范文	<p>Whether students should spend a period of time studying abroad in order to acquire foreign language has triggered a heated discussion. Some people trust that such behavior is beneficial to language acquisition. As for me, i partly agree with the statement.</p> <p>There is no doubt that as a part of education, living and studying abroad can help them have a deeper understanding about the language and culture. Exposed in a language environment, students would have more opportunities to speak the language in their daily life, and communicate with the locals frequently. So they may find it easy and fast to acquire a foreign language and some of them who are talented in language would even have a good command of language,</p>

	<p>which might have an advantage in their academic study and career development. In addition, students who choose to live in other cities for some time are likely to have a better understanding of foreign customs and culture, getting a new perspective of life and the world at the same time.</p> <p>However, not all students would benefit from a period of time living and studying abroad. To begin with, since the tuition fee and living expenditure is rather expensive, some students can not afford the cost especially when they are born in poverty. Besides, many students fail to adapt to the environment due to the culture shock and language barrier. Instead of socializing with local people, most of the students living overseas prefer to communicate with people who come from their country. Consequently, their language competence has no progress, let alone understanding the foreign culture.</p> <p>To sum up, I believe that overseas life experience should not serve as a part of education because it is not suitable for every student. Nevertheless, individuals had better consider their personal situations into consideration when deciding to go abroad to receive education.</p>
