考试日期:	2019年5月11日	
题号	内容	
Question 1	Where do you like to study? At home, in a library, or at a coffee shop.	
Question 2	Agree or disagree: Video games are completely worthless to children.	
Question 3	Reading part	Listening part
	<p>【学生建议】:</p> <p>Notice: Freshman and sophomore take up many internships and part-time jobs.</p> <p>Reason 1: Career fair needs to help senior students at priority.</p> <p>Reason 2: Younger students can have a look at guidelines and that's enough.</p>	<p>【学生态度】: The woman disagrees.</p> <p>Reason 1: Freshman and sophomore students also have many jobs demands, they need to have part-time jobs, change resumes.</p> <p>Reason 2: It's not enough to just look at guidelines. They need to get real help from career fair, like simulating an interview and so on.</p>
	Question: Explain the man's opinion and why he holds that opinion.	
Question 4	Reading part	Listening part
	<p>【名词解释】:</p> <p>Adults' brains can get developed through the improvement of cells, which can also restore damaged cells.</p>	<p>【教授举例】:</p> <p>Example 1: find a group of taxi drivers, to train them how to remember routes repeatedly, and after the experiment finished, they found out that their brains did get developed.</p>
Question: 用听力的例子来解释对这个概念的理解。		
Question 5	【学生困难】: The girl was about to finish the history assignment at night, and she has a roommate, but she wants to play music while studying.	
	<p>【解决方案】: There are two possible solutions:</p> <p>First, go to the study lounge downstairs</p> <p>Pro: won't disturb her roommate</p> <p>Con: she can't listen to her music</p> <p>Second, ask her roommate to leave</p> <p>Pro: she can listen to music and concentrate on studying.</p>	
Question 6	<p>【讲课要点】: Some animals select foods, but they need to adapt to the outside environment.</p> <p>Example 1: reduce outdoor activities so that they can reduce the consumption of energy. Like Koala will sleep for the whole day after eating.</p> <p>Example 2: learn to identify poisonous foods. Like Koala, who smells foods before eating, and could tell if the flavor is like the one they got sick last time.</p>
