题号	内容	
Question 1	Nowadays, instead of communicating face to face, people communicate via a video chat app more often. Talk about one advantage and one disadvantage of communicating via a video chat app.	
Question 2	Do you agree or disagree with the following statement? A school should no longer require students to do experiments but show students the videos of experiments.	
Question 3	Reading part	Listening part
	【学校通知】: The school decides to provide bicycle-renting service. Reason 1: reduce car congestion Reason 2: students can exercise to keep healthy.	【学生态度】: The man agrees. Reason 1: The campus is too big and there is a long distance between dormitories and teaching buildings so they need to drive, but with the bike-renting service, they don't have to drive. Reason 2: They are all so busy with school work so if they ride a bike on campus, then they don't have to find extra time to exercise.
Question: Explain the man's opinion and why he holds that opinion.		
Question 4	Reading part	Listening part
	【名词解释】: Characteristic displacement. The same species will evolve different characteristics in an intense environment.	【教授举例】: Example: For example, a kind of fish, one is large and one is small. The small one's mouth is small, and its body is made of the boney structure, so they will eat the smaller prey. The opposite is true.
Question: Use points and examples to explain it.		
Question 5	【学生困难】: The woman was invited to attend the biology survey, but her friend was coming to her. So there is time conflict. 【解决方案】: There are two possible solutions: First, bring her friend to attend the survey on Saturday Con: her friend is not interested in Second, reschedule Con: her friends has a job on weekends, she doesn't want to let her friend take time off with the boss.	
Question 6	【讲课要点】: Climate and house design: 1. One is a house in the desert, talking about house materials. 2. One is a house on the hill, talking about the roof.
