Task 1	
INTEGRATED	综合写作
<p>主题: 关于一种猫科动物</p> <p>阅读文章观点: 阅读认为它是群居的</p> <ol style="list-style-type: none"> 1. 这种动物经受 bone injury 后还能幸存一定是因为同种族的给他们喂食; 2. 在 tar pits 中有很多 cats fossils, 所以是群居一起才被困; 3. 因为他们的竞争者如 lion 都是群居, 所以他们也一定是群居。 <p>听力反驳: 不认为是群居动物</p> <ol style="list-style-type: none"> 1. 教授说他们找到了足够的 dead animals, 比如 modern tiger; 2. 教授说可能是一只掉进去后, 它的叫声引来了其他同类; 3. 教授说不一定, 因为 modern tiger 也可以独自战斗。 	
Task 2 INDEPENDENT 独立写作	
话题类别	Agree or disagree
考题文字:	Do you agree or disagree with the statement? The most important characteristic of a successful politician or leader is good communication skills.
<p>本次写作考试点评:</p> <p>难度: 中上</p> <p>难点一: 题目当中的 most 这个表达, 与其同类的还有 only/never/always/all 等语气非常绝对的词。我们在处理这一类考题时候, 不是采取“一刀切”, 因为这样的“一刀切”模式不是很适合论点的展开和拓展; 相反的, 我们选择部分同意的方式为优。</p> <p>难点二: 题目提及的 politician 和 leader 两单词就足以吓退考生。这两个描述对象不是我们日常或张口就可以成文的话题, 反而, 需要思索片刻才能消除心中的陌生感。也就是这样的陌生会让考生望而生畏。</p> <p>但是 TPO48: Because modern life is very complex, it is essential for young people to have the ability to plan and organize 里面提及的 ability to plan and organize 就可以成为我们反驳 most important 的一个切入口。</p>

参考范文:

What contributes to a successful politician or leader? Admittedly, a skillful communication is of great importance as well as some other aspects like an ability to plan and organize.

An excellent communicative skill helps build up interpersonal relationship. As is known, a reliable bond between members in a group is a key to success. For example, a group leader fails to accomplish a task without a joint power since team spirit plays a key role in task achievement. Another reason is that a communicative politician tends to appeal votes publicly. Take Winston Churchill for an example. His famous public speech named Blood, Sweat and Tears delivered at the Second World War managed to call on supporters and the public into fighting against Nazi. How overwhelming his speech was! It is his outstanding verbal languages that appealed listeners. Therefore, communication skills allow a politician or leader to be accessible to triumph.

Granted, an ability to plan and organize should be attached an equal importance as well, which embodies the skills of anticipating, influencing and controlling in coping with toughness. Planning ahead, in fact, could effectively put one on the right track thus prevent energy from being scattered or wasted. As is shown in a survey, 90% of political elites and enterprisers had precise plans and organizations in advance. Like Bill Gates, one of most prominent in IT field, discontinued his study and shifted to a new but unfamiliar area because of his career planned and organized rather than an impulsive decision. In addition, planning and organizing promises a peak performance by predicting potential risks or disorders, meaning that leaders in the group can tell each member what to do currently and what should to do the next, a chaos avoided, due to rational collaboration and allocation in the group.

In conclusion, a good communication skill is a necessity for a politician's or leader's success, so is an ability to plan and organize.
