题目	Differences in ages between parents and children are greater than those in the past. Do you think the advantages of the development outweigh the disadvantages?
题目翻译	父母和孩子之间的年龄差异比过去更大。你认为发展的利处大于弊处吗?
写作指导	<p>1. 注意时态，用一般现在时即可。</p> <p>2. 观点类题型，难度中等。</p> <p>推荐思路：利大于弊，五段式</p> <p>Opening: 背景介绍，引出话题，表达立场：好处大于坏处。</p> <p>Body 1: 优点 1-从经济上而言，晚要小孩，父母往往有更好的经济条件，能够给孩子提供更好的生活条件。</p> <p>Body 2: 优点 2-从心态来说，年龄大一点的父母也会更加成熟一些，有更强的责任心，在心态方面会准备得更好。</p> <p>Body 3: 弊端+驳斥：两代人之间的代沟更加明显，难免会增加一些摩擦和冲突。但是这些需要家庭成员之间加强沟通。如果父母的心态更加开放，孩子对父母表示理解，问题还是可以解决的。</p> <p>Conclusion: 表明立场，总结观点。</p>
写作范文	<p>In this highly competitive society, young adults seem to face much heavier pressure from work and social activities than before. Therefore, young couples have a tendency to have children late in life, which leads to a bigger age gap between parents and their children. However, I think this development has more merits.</p> <p>Initially, if mothers decide to delay childbearing to later ages, they are more likely to provide a better financial condition for their kids. These women as well as their marriage partners may have been able to earn higher salaries because of their working experiences, meaning that they can provide a safer and more comfortable environment for their first baby. They can also afford high quality housing in neighborhoods where their children can be admitted to good schools and lead a wonderful life. The next generation will be better educated and also have a more optimistic outlook for the future.</p> <p>Another obvious benefit is that these expectant parents are possibly better prepared for all typical duties and responsibilities of motherhood and fatherhood. Their higher level of maturity and a</p>

	<p>stronger sense of responsibility gained from experience in life and work will make them qualified parents. By that I mean, they are generally more patient and thoughtful, and become good at taking care of new-born babies as well as dealing with emergency with calm and confidence.</p> <p>In spite of the advantages mentioned above, some hidden risk cannot be overlooked. Wider gap in age also means a bigger generation gap which could inevitably give rise to quarrels and conflicts over lifestyle, study hours and even friend-making and so forth. However, if parents and kids can spend more time communicating and exchanging their feelings, I believe many problems could be solved. That is to say, parents could learn to be more open-minded and encourage their children to express their ideas freely, and meanwhile, children should be more considerate so that the two generations would be closer to each other.</p> <p>In conclusion, age difference will not be a problem, and mature parents certainly know what is best for their kids.</p>
重点表达	<p>在经济上更加宽裕 be in a better financial condition, 工给孩子提供更好的生活条件 provide children with better living conditions</p> <p>对未来有更乐观的展望 have a more optimistic outlook for the future</p> <p>买得起高质量的住房 afford high quality housing</p> <p>准父母可能对母亲和父亲的所有职责都有更好的准备 expectant parents are possibly better prepared for all typical duties and responsibilities of motherhood and fatherhood</p> <p>他们在生活和工作中获得的更高的成熟度和更强的责任感将使他们成为合格的父母。Their higher level of maturity and a stronger sense of responsibility gained from experience in life and work will make them qualified parents.</p> <p>在生活方式、学习时间甚至交友等方面引发争吵和冲突 give rise to quarrels and conflicts over lifestyle, study hours and even friend-making and so forth</p>
题目评价	<p>难度中等, 这个题目虽然属于新题, 但是与 2015.5.21 的亚太考题是有一定的相同之处。优缺点还是各自容易想到一些的。</p>
推荐练习	<p>2015.5.21: In some countries around the world, men and women are having children late in life. What are the reasons for this development? What are the effects on society and family life?</p>
