Task 1	If a company's business practice is controversial, but it pays very well. Will you work in this company?	
Task 2	Reading part 【学校通知】: Notice: The university has a new policy that freshmen can only change their dorms five weeks after the semester begins Reason 1: university staff are very busy in the first 5 weeks Reason 2: no matter which dorm they are in, they can get to know more friends during the first 5 weeks.	Listening part 【学生态度】: The woman agrees with it. 1. Staff should finish tasks with higher priority during the first 5 weeks 2. Students cannot focus on their study with so many move-ins and move-outs
	Question: Explain the man's opinion and why he holds that opinion.	
Task 3	Reading part 【名词解释】: Floral Robbing: when herbivores eat the fruits of a plant without dispersing the seeds for the plant.	Listening part 【教授举例】: Rocket flower's nectar is stored in a very long tube. When a humming bird stick its long beak into the tube, the pollen will be stuck to the beak, and the humming bird will therefore disperse the pollen. On the other hand, bees will tear a hole at the bottom of the flower and suck out the nectar, so the pollen on the tube wouldn't be carried away.
	Question: 用听力的例子来解释对这个概念的理解。	
Task 4	Two difficulties in commercializing innovations. 1. It'll be very expensive. Since the company has put in a lot of time and money, the product will be very expensive. For example, the electric car uses battery rather than gasoline, and the battery is really expensive. 2. It's difficult to change the user's habit. For example, if a customer drives the electric car for a trip, he has to choose a route with recharge stations.
